

# Strengthen Writing & Thinking Through Show Call

## 4 WAYS TO BUILD LEARNING AND CONTENT MASTERY

### 1.) MOTIVATE STUDENTS TO GO ABOVE AND BEYOND.

If you use Show Call to reinforce when a student produces a work of particular quality, it can encourage students to stretch outside their comfort zone.

### 2.) HELP STUDENTS REFINE THEIR ANSWER.

Show Call can provide an opportunity for students to complete a partial understanding or revise a not fully thought through answer. Engaging the entire class in this exercise can be particularly fruitful.

### 3.) CELEBRATE THE MISTAKES.

Show Call can also be used to encourage students taking risks, even if the answer is incorrect, by turning mistakes into positive teachable moments.

### 4.) DEVELOP CRITICAL THINKING.

Use Show Call to have students analyze what is working with their peer's written work, and then use that example to refine their own thoughts.
